annual "weeding out" process will begin at once.

Marcellus H. Dodge. '03 college, who recently resigned his position as manager of the track team on account of illness, has recovered and has been prevailed upon to reconsider his resignation and will manage the team. The date set for the two-mile relay race with Yale is Dec. 7 at the joint games of Company B. Eighth Regiment and the Olympia A. C. The runners are to be only those men who have not yet won their 'Varsity letter at the two institutions. About two dozen men reported for the four coveted places on the Columbia team. Almost two-thirds of the number have been dropped in the preliminary trials and the following candidates who remain will enter the final trials at the Eighth Regiment Armory to-night. William F. In addition to this race there will be an interclass contest at the same games between teams of five men. each man to run one-sixth of a mile. In his coaching this year Trainer Hiertherg is paying particular attention to the manner in which the men have been working their arms. He believes that with his new style inaugurated permanently the runners will develon great speed and control. The Gymnastic Association has organized for the winter with W. W. Lawson, '02, science, eas manager, and Victor de la M. Earle, '03, college, as team captain. The schedule of events will include dual meets with Yale, Princeton, Amherst, Rutgers and Haverford, besides several exhibitions and the intercollegiate championships. The team is practically intact from last year, and several promising new men have come out in the individual work which has been done up to this time: The old men who have returned are: Charles Eastmond, '04, medicine, who competes on the parallel bars, flying rings and side horse; Otto P Marcellus H. Football Gossip. The record of the Centenary Collegiate Institute football team of Hackettstown, N. J., will doubtless stand among the best in the list of the teams associated with prein the list of the teams associated with preparatory schools. During the season it has played seven games against the Rock-away, N. J., Field Club, the Easton High School, the East Orange Field Club, the Lafayette Freshmen and the Pennington and Blair Hall teams. In six of the seven games the Institute carried off the honors, while in the seventh, which was the second of the season with the Blair Hall team, the score stood 2 to 0. In all the team scored 101 points, while the record against it was but 2 points. Under the leadership of Capt. A. F. Chamberlain, the boys developed a compact and harmonious organization, particularly strong in interference and end work. As but three members of the present team expect to drop out at the close of this academic year and some very promising substitutes are developing to take their places, the outlook for another season is most excellent.

A large crowd witnessed the game yesterday between the Commercial A. C. of Steinway and the eleven of the Victor A. C., on the latter's grounds, Long Island City. The commercial feam made a desperate struggle to defeat the home team, but the latter linally won by a score of 10 to 0.

The Herkinger A. A. defeated the Star A. C. of Long Island City at Dexter Park by the score of 16 to 0.

MURPHY AND PENNSYLVANIA. Another Report That the Trainer Will

Leave Yale for the Quakers. PEILADELPHIA. Dec. 1.—It was learned here to-day that the return of Mike Murphy to the University of Pennsylvania is prac-tically assured, and that the Yale trainer will again be at the head of Pennsylvania tics next fall. Murphy has not been in Philadelphia during the past few months. He is expected here, however, in about three weeks to attend the Sportsman's Show on

weeks to attend the Sportsman's Show on Dec. 19. It is likely that while here he will have his first conference with some of the Pennsylvania officials and that an agreement will be reached concerning his work here next year.

Just what Murphy's duties will be at Pennsylvania has not been determined nor will it be known until the new Football Committee has had a meeting and decided upon the football policy for next year and a head coach is appointed. That Murphy will have complete control of the physical condition of the football men and will also be trainer of the track team is the general opinion among Pennsylvania men. This, it is said, will not mean that the present trainer, I'r. J. K. Schell is to be dropped, but he will be made coach of the lacrosse, hockey and cricket teams until the new gymnasium is completed, when it is probable that he will receive complete charge of the gymnasium work and be made physical director.

of New York, and offer to investors \$500,000 of the preferred stock. The company is incorporated with a capital of \$1,500,000, divided equally into common and preferred stock. The preferred stock is 6 per cent. cumulative, with dividends payable semi-annually, accruing from Jan. 1, 1903. All of the common and \$250,000 of the preferred stock has been sold at par.

The Colonial Trust Company has issued a call for the first installment of the subscriptions for the stocks and bonds of the Simpson-Crawford Company, which has succeeded to the business of the old retail dry goods firm of Simpson, Crawford & Simpson. The call shows that the new corporation issues 2,500 6 per cent. debenture bonds of the par value of \$1,000 each, and 25,000 shares of the par value of \$100 each. It now appears that the associates of Henry Siegel in underwriting the purchase of the business of Simpson, Crawford & Simpson are not James Stillman, of the Cantral Realty Bond and Trust Company, as heretofore reported, but Richard Delafield and George Victor, of the National Park Bank.
